

*“ in CASE you need us...”*

# ***BilKa Case is the best protection you can buy!***

All cases are designed and built to fulfill your transit, operation and storage needs. BilKa Case provides reusable containers that will be in service for years, so that there will be no damage risk for your valuable goods.

- Flight Cases
- Custom Packaging and Custom Millwork
- Computer Cases
- Electronic Equipment Cases
- Cases For Military Applications
- Rack Mount Cases
- Accessory Cases

With the help of our wide range of manufacturing capabilities BilKa Case can produce extra big sizes of plastic, plywood or aluminium containers.

We are fully committed to serve the commercial and military aerospace industries.

Please provide us the Component Part Number you want to store or transfer and we will quote you the most effective container which suits your need.

BilKa Cases are designed and produced in our AS9100 certified facility.

Containers for;

- Aircraft Components
- Engine Components
- Avionics
- Cabin and cockpit windows, heat exchangers
- Rotables (IDG, Batteries, Slides etc.)
- Brake Units
- Hazardous Materials and Dangerous Goods. BilKa Case offers best solutions to transport your OxygenCylinders. Cases comply with;

- ✓ATA 300 Category I
- ✓DOT 31FP marking applies
- ✓HM-224B certified

BilKa Case uses super durable, container frame in order to pass heat oven test and burn-through tests.

- Maintenance Tooling
- Ground Support Equipment

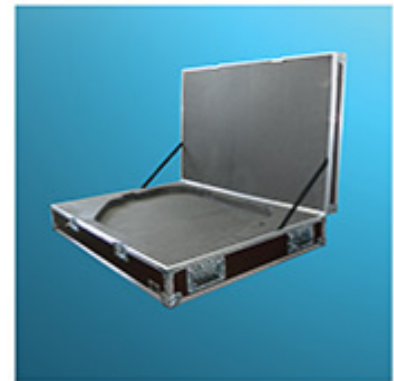

Container materials are selected according to specific application. Characteristics such as weight and overall dimensions of the object to be packaged, fragility and environmental conditions determine case material. BilKa Case containers meet ATA300 category standards and military specs.

ATA Spec 300 Shipping Containers are tested and engineered for long-term service. All BilKa Case ATA Containers meet the requirements of the Air Transportation Association SPEC 300 Category I&II. BilKa Case ATA Containers are water resistant, dust proof and resistant to repeated impact and excessive shock. Our Customers enjoy years of service.

If you are not sure what kind of container you need for a certain transportation safely and efficiently;  
Please ask!  
Our experienced designers will design a case that works for you!
