BilKa Cases are designed and produced in our AS9100 certified facility. Internal tests are performed as well as the impact tests, drop tests, water resistance tests, vibration tests that are conducted by independent lab.

ATA Spec 300 shipping containers are tested and engineered for long term service. All BilKa Case ATA containers meet the requirements of the Air Transportation Association Spec 300 Category I & II. BilKa Case ATA Containers are water resistant, dust proof and resistant to repeated impact and excessive shock. Our worldwide customers enjoy years of service.

OUR PRODUCTS

RFOXBCNTX02

4H2/Y_/_/S/24/TR/TF254

Securely store and transport oxygen bottles up to 500mm x Ø112mm

RFRTMKT611

4H2/Y30/S/24/TR/TF254

This compact plastic case offers secure storage with a sturdy design. Inner dimensions support up to 140x250x120 mm for versatile use.

RFRTMKT612

4H2/Y60/S/24/TR/TF254

This durable plastic case provides secure storage with a lightweight design. Inner dimensions support up to 410x320x215 mm for versatile applications.

RFRTMKT614

4H2/Y50/S/24/TR/TF254

This rugged plastic case ensures reliable protection with a practical design. Inner dimensions support up to 390x260x175 mm for various applications.

RFRTMKT615

4H2/Y40/S/24/TR/TF254

This sturdy plastic case provides secure storage with a compact design. Inner dimensions support up to 270x240x205 mm for diverse applications.

RFRTMKT620

4H2/Y50/S/24/TR/TF254

This durable plastic case is designed for water boilers, ensuring secure storage. Inner dimensions support up to 400x185x320 mm for a precise fit.

RFRTMKT623

4H2/Y40/S/24/TR/TF254

This robust security box offers reliable protection for valuables. Inner dimensions support up to 360x195x335 mm for secure storage and organization.

RFRTMKT626

4H2/Y45/S/24/TR/TF254

This leakproof case is designed for aircraft batteries, meeting UN3480 and UN3090 standards. Inner dimensions support up to 380x280x290 mm for safe transport.

RFRTMKTBC01

4H2/Y80/S/24/TR/TF254

This leakproof case is tailored for aircraft batteries, complying with UN3480 and UN3090 standards. Its inner dimensions of 350x520x380 mm provide secure storage and transport.

RFBRC2Y1

4H2/Y45/S/24/TR/TF254

This custom-designed case is built for jet brakes, featuring a Ø480 mm compartment. Inner dimensions of 560x560x640 mm ensure secure storage and transport.

ALUMINIUM CASES
